

Mailing
Inserting

Relay® Integrity Express

Improve the speed and accuracy of your mailings.

Enhance operational efficiency and better protect customer information.

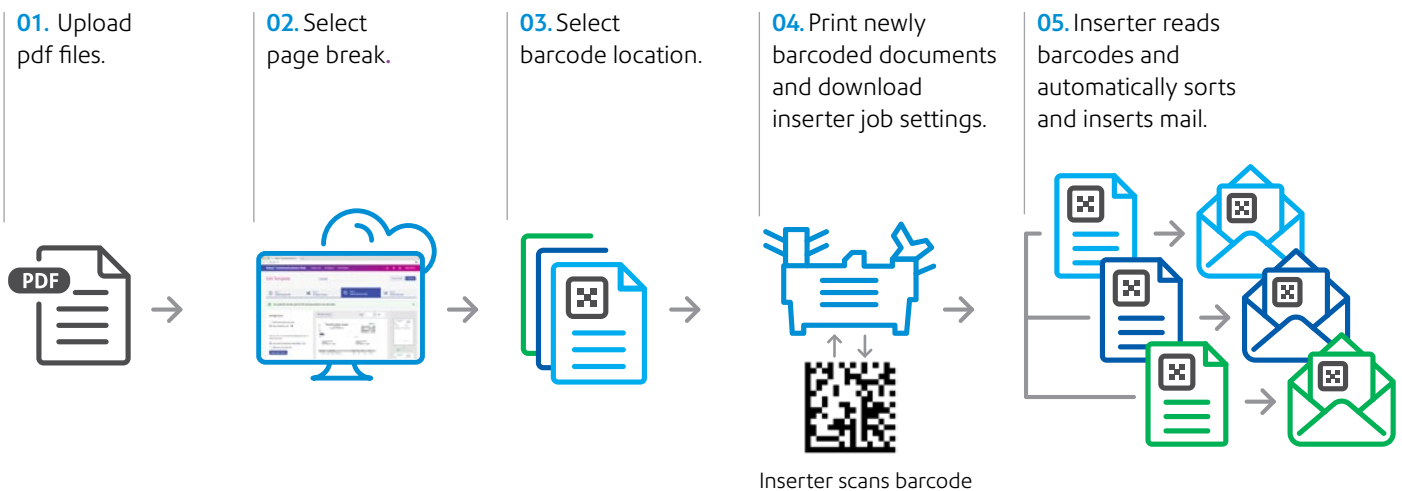

Whether you assemble your mail by hand or with a folding inserting machine, your process is susceptible to manual errors. The consequences can range anywhere from losing a customer, to facing heavy fines for violating customer privacy.

Relay Integrity Express, from the Pitney Bowes Commerce Cloud, makes it simple to add 2D barcodes to your documents, and ensure the right documents make it into the right envelope every time. By leveraging the speed and flexibility of SaaS, you can enhance efficiency and privacy protection with ease.

A few minutes and a 2D barcode can help improve your mailing process.

Relay Integrity Express adds intelligence to your folder inserter to:

- Save hours in processing time.
- Improve customer satisfaction.
- Prevent compliance breaches.

With Relay® Integrity Express, getting it right is easy.

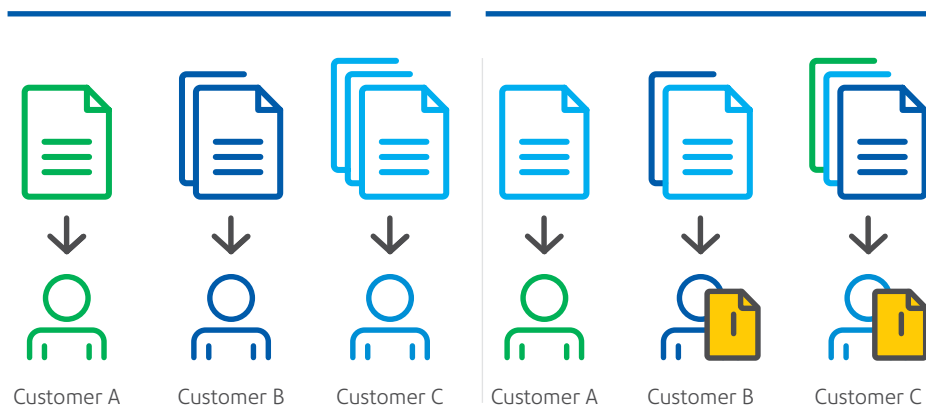

Relay Integrity Express is designed to accelerate and secure the mailing process of organisations—like yours—without having to call a provider for minor changes or onboarding new documents. By adding 2D barcodes to your communications, you'll be able to automate the folding and inserting of customer mail with varying pages.

Plus, add privacy protection to single-page communications.

Our solution is ideal for organisations that handle mail from different departments, including colleges and universities. It can also provide superior mailing services for multiple customers, like a print-to-mail service bureau.

Deliver a consistent customer experience for all your customer communications, every time.

Separating various numbers of pages for different customers is time consuming.

Hand sorting causes more errors.

Save time.

Automate folding and inserting mail processes for documents with varying numbers of pages.

Reduce risk.

Add intelligence to your inserter to keep private customer information secure.

Accelerate payments.

Ensure the right bill is getting to the right customer so you're paid on time.
